#### WILL SURELY BOLT.

Anti-Lewelling Populists Will Not Be Pacified.

#### A STATE MASS MEETING CALLED

To Assemble at Topeka on June 11 to Protest Against Lewelling's Renomination—How the Machine Crushed Out Opposition at the Shawnee County Convention.

Although the Populist county convention was controlled by the Lewelling strikers, it did not voice the sentiment of a large section of the Populists of Topeka and Shawnee county, and there is no longer any doubt that the renomination of Lewelling will cause a bolt in the party. Noah Allen plainly says he will not vote for Lewelling, and although Allen is supposed by some politicians not to have much influence, it is a fact nevertheless that he voices the sentiment of a very large number of Populists who are dissatisfied with the present state government, but who do not take part in the party. The silent Populist vote is strongly opposed to Lewelling.

John G. Otis is a representative of this class of voters, and although an effort was made to pacify him by putting him on the tail end of the delegation to the state convention it is known that he won't be "quieted." Otis will be on the floor of the state convention and will make a fight there against machine politics. He does not say he will bolt Lewelling's nomination, he is too shrewd to say that before Lewelling is nominated, but it is known that he will either vote against Lewelling or will stay away from the polls should the present administration win in the state convention.

Mr. Otis represents the old fashioned "reformers" of Kansas who are never tightly bound by party lines, and no party can retain them that does not come up to their standard of right. They number thousands of voters in Kansas.

The Populist county convention ended in general unpleasantness Saturday night, but with the administration well seated in the saddle and ex-Congressman John G. Otis, Noah Allen and W. H. Bennington completely routed.

There was a good sprinkling of anti-administration men in the convention, but they could not stand up against the machine.

When C. J. Stanley, an anti-Lewelling man, was appointed chairman of the committee on resolutions the anti-fusion Populists thought they would have a chance to get even, but their prospects were spoiled by the appointment of G. C. Clemens as a member of the committee.

The committee had a long fight, but Clemens won by a compromise, by which the administration was to be neither commended nor condemned, and the report of the committee as presented was adopted. The resolution was as follows:

"We, your committee on resolutions, while re-affirming the Omaha platform and the doctrine of equal rights for all, special privileges to none, we are of the opinion that this convention was called for the sole purpose of electing honest men as delegates to our state and congressional conventions and therefore ask to be discharged from the further consideration of resolutions."

C. J. Stanley, chairman. While the convention was waiting for the committee to select delegates to report, Noah Allen and W. H. Bennington were called for and made speeches, both bitterly denouncing the administration. Bennington referred to the violation of the prohibitory law and the running of gambling dens and policy shops in Kansas City, Kansas, and accusing the administration of profiting from those "dens of iniquity." He said, "I don't charge that Governor Lewelling ever received a dishonest dollar. Not a dishonest dollar. He is simply a fool for lack of sense."

The crowd was with the governor and there were loud cries of "It's a lie," "It's a lie," "Sit down," "Sit down." These cries were kept up so long and loud that Bennington could not be heard for several minutes when G. C. Clemens, standing in the center of the platform, raised his arm toward the audience and the noise ceased. Clemens said: "Let him finish and then I will settle him."

Clemens kept his word and he scored first Bennington and then Allen. The crowd yelled "Hit 'em again," "Hit 'em," "Once more," "Shoot it at Allen."

Clemens said he had been in favor of one term nominations, but the kind of talk he had heard in this convention had made him change his mind. He said he expected to be a delegate to the state convention and would consider it his duty to work for the repeal of the National Industrial Alliance and Farmer's Alliance, who can possibly attend, should attend the coming state convention at Topeka, and should reach that city on Monday, June 11th, and assist in effecting an organization, to oppose the ring of office holders.

When the committee announced the list of delegates to the state and congressional conventions, Mr. Clemens looked wild. His name was not among those sent to the state convention, although he was reported as a delegate to Eastern.

When the secretary had finished reading the list of delegates, Clemens arose and in a voice which trembled he said: "To save further trouble I want to say right here I won't be a delegate to the congressional convention. If I haven't done enough for the party and the people's cause to entitle me to a seat in the state convention, then I want to quit."

George Wagner, of the Advocate, who had been reported as chairman of the delegation to the state convention, in order to avoid further trouble, asked to have Clemens given his place, and it was finally arranged that Clemens should go to the state convention, and Wagner to the congressional convention.

The committee reporting the list of delegates to the two conventions, reported a supplementary resolution instructing the delegates to Emporia to support John G. Otis for the nomination for congress.

Under the rules this resolution was referred to the committee on resolutions, and that committee killed it. Mr. Otis denounced the administration and Lewelling in particular, but the convention would not call up the resolutions.

The convention was ready to adjourn when Mr. Otis arose and read a suffrage resolution signed by Mrs. Bina A. Otis, Mrs. Lydia M. Furbeck and Mrs. Elizabeth M. Wardell.

The resolution read as follows: "We, the undersigned women, representatives from the Topeka Equal Suffrage association and the Woman's Pro-

gressive Political league, do earnestly protest against the women of our county influencing voters or providing dinners at the political rallies or working in any manner for a political party that claims to be a reform party and advocates 'equal rights for all and special privileges for none' and still refuses to recognize in its platform utterances of one-half of our population when the suffrage amendment is pending."

Some one moved to adjourn, but the women who were present refused to be shut out and Mrs. Otis and Mrs. Furbeck both made speeches before a vote was taken on the resolution which was defeated on a vote of 19 to 20.

The delegates elected to the two conventions are as follows: To the state convention—G. C. Clemens, James Mitchell, W. C. Webb, F. S. Stevens, John A. Campbell, Hugh Lawler, S. Kosier, J. T. Hopkins, J. W. Steward, J. G. Otis.

To the congressional convention—C. E. Kutz, M. E. Wallace, E. C. Chapman, N. T. North, C. W. Buckner, W. S. Tucker, B. C. Root, F. W. Leach, Alex. Bates, John Marsh, I. B. Daffet, E. H. Hewsens, W. McElroy, A. Scott, C. W. Griswold, D. M. Howard, H. Barnes, E. A. Dearborn, J. J. Kopp.

#### CALL FOR MASS MEETING.

Of the Dissatisfied Populists at Topeka on June 11.

The anti-machine Populists, headed by W. F. Rightmire, Noah Allen and others, have rented the two wings of Trades Assembly hall for canvassing purposes during the time the Populist state convention will be in session in Topeka. They now propose to avoid the necessity of calling another state convention by calling to Topeka enough middle of the road, anti-administration Populist during the time the state convention is in session to compel by the power of Populist public opinion the convention to nominate a new ticket.

Mr. Otis has issued an appeal to anti-fusion, anti-administration, anti-machine Populists, in which he says: "The manner in which the county convention of Shawnee county was conducted on Saturday destroys all my hopes of any relief coming to the oppressed voters of this state from the present one machine administration."

"The success of the Democracy in allying itself with the Populists at the Wichita convention of 1892, has been demonstrated by the election of a Democratic United States senator, the placing of the control of the metropolitan police of cities of the first-class, in the power of the Democratic party under the control of Democratic or Demo-Pop police commissioners, the non-enforcement of the prohibitory laws of the state and the monthly receipt of a substantial and corruption fund of \$1,500 each month from the Brewer's association, and the same monthly revenue from the Distillers association, commonly known as the 'whisky trust,' in addition to the immense sums collected by the agents of the prohibitionists, in the shape of monthly fines from the gambling houses, joints, policy-shops, fake-lotteries, and disorderly houses that are allowed to run unmolested, in the metropolitan cities as long as they pay the monthly fines collected by the appointees of the governor in control of the cities."

"From the position of 1890, with our rule of the office seeking the men to be nominated, we have descended to the depths of degradation, where the entire power of a state administration has been exerted for two years to kill off all opposition, and secure re-nomination for the Democratic wing of the state officers, and from a party of reformers banded together for the success of principles, our People's party of Kansas has become a refuge for the office seekers of both old parties; its reform Press association, a servile tool to hide official misdeeds, and to assassinate every member of the party that does not bow a servile knee that thrives on following fawning."

"The principles of the Omaha platform have been abandoned in the hunt for office, and the People's party of Kansas has today become a moral coward, like a dastard hound cowering at the knee of its master, the Democratic wing, its fusion partner refusing to stand for justice and equity by championing the cause of equal suffrage."

"For the prevention of the abandonment of the principles we have been advocating for so many years, every old Vidette, Anti-monopolist, Knight of Labor, member of the National Industrial Alliance, Farmer's Alliance, and Farmer's Alliance, who can possibly attend, should attend the coming state convention at Topeka, and should reach that city on Monday, June 11th, and assist in effecting an organization, to oppose the ring of office holders."

The Santa Fe's late banana train from Galveston made the good time of thirty miles an hour. News comes from Liberty, Mo., that the Wabash and Milwaukee will combine in building a railroad from Excelsior Springs to Leavenworth, to go by the way of Kearney and Smithville. The object is to give these two roads a pull for the northwest business. It is further reported from Excelsior Springs that the Sulphur Springs line will be extended on the North to St. Joe and on the South to connect with the Santa Fe.

The Santa Fe conductors have been warned that some of the road's annual passes are being manipulated by Chicago brokers.

The final excursion meeting of the Santa Fe shop men will convene at Trades Assembly hall this evening at 7:30 sharp and the committee requests that all interested will be present. The committee reports will be read and all arrangements definitely settled. Messrs. Cooke, Verlin and Henderson will be back from Kansas City and the park will be decided on.

The Gulf road ran the longest train of loaded passenger coaches ever drawn in the world Friday from Kansas City to Merriam. The train was made up of twenty-three coaches and carried colored Sunday school children averaging one hundred persons in each car.

"Even if the Republicans should elect their state ticket, we have control of the state senate and congress, any injurious legislation, and how much worse would the re-election of W. A. Johnston as associate justice of the supreme court be than the election of W. C. Webb, whose only reason for being in our party is that he wants to be elected to a judgeship where he can draw a salary."

"I gain we shall make by this course is that Kansas Populism shall no longer be a stench in the nostrils of our brothers in the other northern states, or a club used to present the growth of our party and the success of our principles in the southern states, where the fusion of Kansas Populists with Democrats is the only hope left for Democratic success."

#### BABY ON THE PLATFORM.

The Little Son of the Station Agent at Wakarusa.

Conductor George Spear of the Santa Fe found a deadhead on the rear platform of his train near Carbondale yesterday morning. It was the curly haired son of Station Agent Trapp of Wakarusa, two and a half years of age, still in a dress and little bonnet, and too young to talk.

While the engine was taking water at Wakarusa, the baby had crawled from the platform to the car steps unobserved, and when discovered twenty minutes later, was hanging bravely on the rear platform chain, but crying piteously, as the lurching of the car pitched it from one side to the other. How it hung on through a ten-mile run around the sharp curves of the track is a mystery.

It was left in charge of the station agent at Carbondale and returned to its parents yesterday afternoon.

#### GENERAL RAILROAD NOTES.

Railroads and Railroad Men Along the Kansas Lines.

A party of eight or ten Mennonites from north of town left Saturday with Joseph Rupp, traveling land agent of the Maxwell land grant in New Mexico, and will probably settle in the grant.

The Santa Fe started eight cars of Topeka flour for Glasgow, Scotland, making twenty for last week.

A. A. Robinson has returned from Hannibal, Mo.

Superintendent of Machinery John Player of the Santa Fe, has returned from the east.

R. M. Bacheval, Santa Fe commercial agent at St. Joseph, visited the general offices Saturday.

J. G. Egan of Chicago, assistant general attorney of the Santa Fe, was in the city yesterday.

The Central Branch shops at Atchison which were closed a couple of weeks ago on account of the lack of coal are open again and running in a limited way.

Tom King of the Rock Island ticket office at Atchison visited in Topeka yesterday.

The Rock Island rainmakers began work yesterday at Beatrice and Pawnee City, Nebraska, and Horton, Kansas. Mr. Jewell is with the car at the last named place.

It requires 1,500 distinct pieces of brass to fit out the average passenger coach.

Mr. Rock Island Jewell's rain at Phillipsburg came a little too late to do the wheat much good and the wheat crop in Phillips county will be a failure. The corn and grass, however, were much benefited.

The Santa Fe's train load of physicians on their way to San Francisco had difficulty with the Colorado flood and were sent through by way of Albuquerque instead of Ogden.

#### RAILROAD RUMBLINGS.

Notes Among the Railroad Shops and Down the Road.

The Santa Fe's late banana train from Galveston made the good time of thirty miles an hour.

News comes from Liberty, Mo., that the Wabash and Milwaukee will combine in building a railroad from Excelsior Springs to Leavenworth, to go by the way of Kearney and Smithville. The object is to give these two roads a pull for the northwest business. It is further reported from Excelsior Springs that the Sulphur Springs line will be extended on the North to St. Joe and on the South to connect with the Santa Fe.

The Santa Fe conductors have been warned that some of the road's annual passes are being manipulated by Chicago brokers.

The final excursion meeting of the Santa Fe shop men will convene at Trades Assembly hall this evening at 7:30 sharp and the committee requests that all interested will be present. The committee reports will be read and all arrangements definitely settled. Messrs. Cooke, Verlin and Henderson will be back from Kansas City and the park will be decided on.

The Gulf road ran the longest train of loaded passenger coaches ever drawn in the world Friday from Kansas City to Merriam. The train was made up of twenty-three coaches and carried colored Sunday school children averaging one hundred persons in each car.

"Even if the Republicans should elect their state ticket, we have control of the state senate and congress, any injurious legislation, and how much worse would the re-election of W. A. Johnston as associate justice of the supreme court be than the election of W. C. Webb, whose only reason for being in our party is that he wants to be elected to a judgeship where he can draw a salary."

"I gain we shall make by this course is that Kansas Populism shall no longer be a stench in the nostrils of our brothers in the other northern states, or a club used to present the growth of our party and the success of our principles in the southern states, where the fusion of Kansas Populists with Democrats is the only hope left for Democratic success."

"Even if the Republicans should elect their state ticket, we have control of the state senate and congress, any injurious legislation, and how much worse would the re-election of W. A. Johnston as associate justice of the supreme court be than the election of W. C. Last year the Alton took a train of twenty-one coaches into Chicago and the Railway Age gave that road the record for long trains.

#### SPIKES AND SPARKS.

Personal Notes Among the Railroad Shops at Topeka.

Santa Fe Switchman Ed Strain is off duty for a few days.

Santa Fe engineer Andy Verlin has left the Scranton coal run and gone back to his old road engine, No. 787.

John Drew, Wm. Johnson, Geo. Crosson and other of the Santa Fe shops and yard boys are at Reading today on a fishing trip of three or four days.

Jerry Dustin and Charley Bateman of the Santa Fe shops gave a pleasant dance at Vinewood park Saturday evening.

Santa Fe Engineer Joe Drummond of Argentine was in Topeka yesterday.

Brakeman Andy O'Byrne of the Santa Fe is off duty for a few days.

Brakeman Copeland of the Santa Fe's Atchison line is lay off and Ben Williams is working in his place.

Harry Goddard, who lately moved here from Missouri, went to Leavenworth today to take charge of a switch engine in the Santa Fe yards there. Frank Bugby will be his fireman.

Santa Fe Switchman Sam McFarren, who has been laying off for a week on account of sickness, has returned to work.

There is a story out about Jack Kennedy of the Santa Fe transfer table being the father of twins, but nobody believes it.

The Santa Fe boys are rich now. Saturday was pay day.

#### ALL ALONG THE LINES.

Railroad News Items Interesting to Railroaders and the Public.

The Central branch railroad reports a flourishing stock business.

General Manager J. J. Frey of the Santa Fe, is in St. Louis.

P. F. Foley of Parsons visited the Santa Fe general offices.

General Passenger Agent George T. Nicholson has returned from Chicago and the east.

Assistant General Superintendent A. J. Hitt of the Rock Island, is in Omaha.

R. C. Heizer of Osage City, visited the Santa Fe law department here Saturday.

A circular bearing the official announcement of the resignation of General Superintendent H. R. Nickerson of the Santa Fe and the appointment of H. V. Mudge to succeed him, has been issued by Mr. Frey.

#### A New Railroad.

A newly projected road is the Kansas & Oklahoma Central & Southern, which is being pushed by Southern Kansas people, with E. M. Porter of Caney at the head. The road will be 300 miles in length, and will run from Cherryvale, Kansas, to Vernon, Texas. It is said that most of the stock of the road has been placed in New York and Amsterdam, and that St. Louis capitalists will take hold of the scheme.

#### Fighting It With Brush.

Chief Engineer James Dun, of the Santa Fe, was in Atchison to look after the cutting of the Missouri river at East Atchison. The river is now within twenty feet of the Santa Fe track and is still cutting. Mr. Dun says that about all the roads can do is to keep on fighting it with brush matting. He regards the matting as very successful as a temporary protection.

#### BUYS A BUILDING.

The Medical College, to occupy the Higginbotham residence.

The Higginbotham residence, on the corner of Twelfth and Tyler streets, has been purchased by the trustees of the Kansas medical college. The price was \$12,500.

On the first floor there will be a parlor and large and small lecture rooms; on the second floor, chemical, pathological and histological laboratories; and on the third floor, dissecting rooms.

Parties going to Emporia will find the Leland Hotel, opposite Santa Fe depot, a first-class house on American and European plan. Lunch counter and restaurant open all night.

The Daily State Journal prints all the news.
